Overall Graphic Layout Size (with Bleed)
32.3"w x 81"h

Safe Viewable Zone 24"w x 72.6"h

Wrapped Zone

Place Important Elements within the Green lines

Notes to Designers

- All Graphic files must be built at **150 dpi** at the overall graphic layout size.
- All graphic files must be created using **CMYK** mode to ensure the best color matching. If you would like a specific color matched, you MUST provide a **PMS** color or we cannot guarantee color matching.
- It is best to **flatten** all images and **outline all text** to ensure that nothing will drop out or change during file transfer.
- Be aware of **Safe Viewable Zone** and **Guides** that may cut your graphic off. Using guidelines will keep margins on your radar and prevent mistakes.
- The "**Wrapped Zone**" is visible, but keep in mind that this portion is wrapping around the sides of the hardware.

Accepted File Formats:

- Photoshop (.PSD)
- Illustrator (.AI)
- Acrobat (.PDF)
- Other (.TIF)(.EPS)
